

IOS MOBILE DEVELOPER (M/F/D)

join our team in Graz, Austria or Germany
Full-time (36h/week)

ABOUT BIKE CITIZENS

We're a team of 30+ located in Graz and Berlin. Bike Citizens started out by creating the world's first navigation app that focuses on urban cycling. Together with our partner cities and municipalities we're building the digital home for the urban cyclist – motivating and empowering more and more people to use the bicycle for their daily journeys.

AT THIS JOB YOU WILL

- work as part of the development team on developing our mobile application
- be part of the entire development process, from concept down to release and maintenance
- help write and work with feature specifications based on product requirements
- develop new features and also identify and fix bugs and bottlenecks (sustainably)

YOUR QUALIFICATIONS

- Education and work experience in the field of Software Development
- iOS development knowledge:
 - Swift, Xcode
 - MVC, MVVM Architecture Patterns
 - SwiftUI and Combine are strongly preferred
 - Persistence/CoreData, HTTP/Networking/Rest, Dependency Injection, git
 - Work experience with Maps (Mapbox SDK preferred)
 - Experience with managing and submitting apps in the Apple App Store and with the entire mobile application development lifecycle
